Job Description

This faculty member will function as an expert in eating disorders across different populations, providing clinical expertise and state-of-the-art research to the local community as well as on a national and international level. The faculty member will be an active member of the [Department of Psychiatry](#) as well as the larger University community, and be involved in collaborative projects, educational activities, and other University services. The faculty member will work closely with other faculty, fellows, residents, graduate students, and students.

Specific duties and responsibilities include:

- Oversee an active research program in eating disorders in psychiatric populations.
- Disseminate research through local, national, and international presentations, as well publishing in academic journals.
- Obtain competitive grant support for research within the area of expertise.
