- Evaluate and monitor individual student progress and provide feedback to sustain student success.
- Conduct high-quality research in their own field and publish research outcomes in reputable journals and conferences.
- Pursuing research in relevant biomedical sciences and/or pedagogy, organize and manage instructional resources, course outlines, and community networks.
- Supporting and expanding curricular development in microbiology in consonance with other basic medical science and pathological science subjects and linking to clinical education.
- Actively seek out methods, procedures, and resources to best achieve course objectives.
- Support and participate in accreditation initiatives.
- Maintain relationships with students that are conducive to learning.
- Perform miscellaneous job-related duties as assigned.

Job Requirements:

- Basic medical degree (MBBS/MD).
- Earned Ph.D. Degree in Basic or Clinical Microbiology from an accredited institution.
- Evidence of ability to teach in one or more of the following areas: general and system-based microbiology, basic microbiology, and clinical microbiology.
- Previous experience teaching in an integrated systems-based curriculum.
- Previous involvement in Problem-Based Learning (PBL) and Team-Based Learning (TBL) educational processes (i.e., development, tutor-guide preparation, facilitation, and assessment) will be highly desirable.
- The candidate must be able to communicate in English.
- Advanced use of technology in the education process (delivering classes via presentations, using e-learning systems, reports, etc.).

Skills Required:

- Ability to communicate effectively in English orally and in writing.
- Dedication to continued professional development and scholarship.
- Engaging in scholarly work that is of very high quality, as evidenced by external peer review.
- Exhibit strong pedagogic skills and to remain proficient and current in their disciplines.
- Ability to develop and lead high-quality research.
- Ability to provide academic advising for students.
- Ability to work effectively with multiple diverse communities.
