**Job Description**

The University of Kentucky College of Medicine is a renowned location with prominent research programs and teaching. The Division of Cardiovascular Medicine supports the three missions of clinical care, research, and education. Research focuses on translational areas that integrate basic and clinical science. Educational activities include training of residents and fellows and leading courses for medical students.

The Division of Cardiovascular Medicine is currently seeking a tenure-track faculty member at the Assistant, Associate, or Full Professor rank. The current position is available for faculty with potential for translational research. The successful candidate will be appointed in the Department of Internal

Assistant, Associate, or Professor of Cardiology - PhD  
Basic Scientist

Medicine. We invite applications from scientists with Ph.D., M.D., or M.D/Ph.D. degrees who will be expected to establish an independent, extramurally funded research program in an area relevant to cardiovascular care and that complements existing activities within the division. Recruited faculty will be expected to establish an innovative, independent and collaborative research program addressing significant and fundamental questions. Women and minorities are strongly encouraged to apply.

The University of Kentucky seeks candidates whose experience, teaching, research, or community service has prepared them to contribute to our commitment to diversity and excellence.

Interested candidates must send a 1. curriculum vitae; 2. cover letter; 3. statement of current and proposed research plan (two pages maximum attach as Specific Request 1); 4. a teaching statement and a statement of contributions to diversity (attach as Specific Request 2), as well as contact information for only three professional work references.
