and beyond, providing the opportunity for large practice growth with the Markey Cancer Center being the only NCI Comprehensive Cancer Center in Kentucky. The UK Markey Cancer Center for a **seventh straight year** earned a national ranking from the **U.S. News & World Report Best Hospitals**. For the eighth year in a row, UK HealthCare was ranked the No. 1 hospital in Kentucky. In our Division of Hematology, including our BMT and Cellular Therapy Program, our mission is to reduce cancer deaths through innovative research, dedicated patient care, and education. We provide access to highly specialized, comprehensive and personalized care, state of the art research and clinical trials. We have a FACT accredited BMT program performing 100+ autologous and allogeneic transplants each year, and we have a rapidly expanding CART cell immunotherapy program. A strong basic science landscape at the University of Kentucky provides excellent opportunities for research collaborations.

The University of Kentucky offers excellent and comprehensive compensation based on rank and experiences plus outstanding benefits packages. It is located in Lexington, Kentucky, which offers excellent schools, outstanding neighborhoods within walking distance to the University, low cost of living, and is a great place to raise a family. Outdoor activities and national parks are easily accessible in close proximity, providing an excellent work - life balance.

Applicants should include a letter of interest and current CV. Applications will be reviewed immediately and will continue until the position is filled. For questions, please contact Jon Tarr, Division Administrator, via email at [jon.tarr@uky.edu](mailto:jon.tarr@uky.edu).
