Job Description

Academic Scholar - Assistant/Associate Professor

Position Summary

The Jacobs School of Medicine and Biomedical Sciences, State University of New York at Buffalo, Department of Medicine, Division of Cardiovascular Medicine seeks a noninvasive cardiologist with clinical interest in noninvasive imaging and general cardiology.

Successful candidates will have expertise in echocardiography as well as nuclear cardiology or advanced cardiac imaging.

The cardiologist will work with colleagues in noninvasive imaging, serve on the inpatient cardiology consultant service and develop a vigorous outpatient practice in our new ambulatory care facility.

The Gates Vascular Institute and the UB Clinical and Translational Research center provide a state of the art environment for pursuing cardiovascular care and translational research. Protected time will be provided to those with demonstrated potential to pursue careers as a physician scientist in clinical or basic research.

University at Buffalo is an affirmative action/equal opportunity employer and, in keeping with our commitment, welcomes all to apply including veterans and individuals with disabilities.

Minimum Qualifications

- MD degree
- BC/BE Internal Medicine
- BC/BE Cardiovascular diseases
- New York State license or NYS Licensure in progress and active on date of hire
- Current and Unrestricted DEA Certificate

Preferred Qualifications

Capable of ensuring a high level of cooperation and communication among his/her faculty and staff.
