Job Description

Assistant Professor
The Division of Basic Biomedical Sciences
Sanford School of Medicine of The University of South Dakota

The Division of Basic Biomedical Sciences at the University of South Dakota's Sanford School of Medicine invites applications for a tenure-track faculty position at the Assistant Professor level. The Division has current strengths in Neuroscience, Cardiovascular Science, Protein Quality Control and Microbiology/Immunology.

Applicants should have a Ph.D. or M.D./Ph.D. and a minimum of two years of post-doctoral experience. We seek an energetic, interactive and collaborative individual that would interact closely with faculty within the Division of Basic Biomedical Sciences (<https://www.usd.edu/medicine/basic-biomedical-sciences>).

Applicants should demonstrate strong potential for developing an independent, translational and innovative research program that has or is likely to attract sustained extramural funding. In addition, the applicant should demonstrate a commitment to mentoring and teaching graduate, health sciences and/or medical students. Excellent start-up funds, state-funded salary commensurate with experience and state-of-the-art research facilities in the Lee Medical Science Building will be provided.

The application should include a curriculum vitae, a summary of past research and teaching experiences, a statement of research/teaching interests/philosophy and future plans, as well as the names of three references. All material should be submitted using the University of South Dakota online employment website at <https://yourfuture.sdbor.edu>

Review of applications will begin on July 1, 2019 and continue until the position is filled.

Women and minorities are encouraged to apply.

AA/EOE.
