Job Description

We are seeking Assistant, Associate, or Full Professors for tenure track, Regular Title Series, full time (12 month) positions in the Markey Cancer Center and the Department of Behavioral Science in the College of Medicine at the University of Kentucky. We seek an implementation scientist with a dynamic, productive research agenda that aims to accelerate the dissemination and implementation of evidence-based practices in real world settings to reduce the burden of cancer and health disparities.

The ideal candidate will have NIH-funded research or a very strong promise of such funding; maintain a focus on rural, racial/ethnic, and other vulnerable populations; aspire to engage in research mentorship, and contribute to a vibrant environment of scholars from the behavioral sciences, public health, social sciences, communication, health services research, biomedical informatics, health sciences (nursing, medicine, nutrition, etc.), and others. Special emphasis is placed on implementation

science, patient and community engagement, quality of cancer care delivery, and health equity. All career stages are welcome. Attractive start up package, premium and contiguous space, and excellent benefits will be provided. The University of Kentucky is located in the beautiful, progressive, and accessible city of Lexington. Lexington, with over 250,000 residents, offers a high quality of life, affordability and a well-educated population.

Faculty members will be expected to conduct innovative, rigorous, grant funded research and engage in scholarly activities (peer reviewed publications, presentations, etc.). Faculty members also will contribute to the research training of UK students and postdoctoral scholars associated with the Department of Behavioral Science and with the Markey Cancer Center, including mentorship programs, workshops, and supervised research. Faculty members also are expected to engage in broader research and training initiatives across all 16 Colleges of the University of Kentucky, including Colleges of Arts and Sciences, Public Health, Nursing, Communication and Information Sciences, Health Sciences, etc. These initiatives include grant consultation and review; a dynamic speaker series and other enriching events; pilot project competitions; and outreach to the lay public.

IMPORANT: To be considered for this position you must fully complete the online application. You will also be required to upload a cover letter, CV, and as Specific Request 1 , 2, and 3, three separate letters of recommendation.

Criteria for Appointment, Promotion and/or TenureThe annual performance evaluations will be guided by the criteria described in Administrative Regulations (AR-II-I.0-5). The evaluation for promotion and/or tenure will be guided by the criterion described in Administrative Regulations (AR-II-1.0-1, Page III and IV) as follows:

Assistant ProfessorAppointment or promotion to the rank of assistant professor shall be made after it has been determined that the individual has capability for excellent research productivity (publications, presentation, grants) and training capacity, as attested to by colleagues, mentees, mentors and peers at the local level.

Associate Professor

Appointment or promotion to associate professor shall be made only after a candidate has met the criteria for assistant professor and has demonstrated high scholarly achievements commensurate with his/her assignment in the areas of: (1) research as demonstrated by grantsmanship, publications, presentations, and other activities; (2) training, mentoring, and other instructional activities; (3) professional, university and public service. An indication of continuous improvement and research contributions should be evident as documented by the candidate. Further, the individual should have earned external recognition for excellence in his/her scholarly activities. This recognition should be on a national level as appropriate to the field of assignment.
