Job Description

DFCM also has additional primary care practices in Georgetown, Hazard, and Hindman, Kentucky, and an independent rural residency program in Hazard, Kentucky. Our Lexington faculty teaches residents in outpatient and inpatient settings and participates in all four years of medical student education, including a required clerkship in Family Medicine. Faculty physicians who practice non-surgical obstetrics oversee prenatal care and deliveries of residents' continuity patients at Albert Chandler Hospital, UK Health Care.

With several clinics in the state, we serve as leaders at UK HealthCare, a \$1.67 billion health system, in its primary care delivery strategy by implementing value-based clinical redesign and population medicine programs.
