the only NCI-designated Cancer Center in Kentucky and ranked #29 in the 2020 U.S. News and World Report top 50 cancer hospitals. In our Division of Hematology, including our BMT and Cellular Therapy Program, our mission is to reduce cancer deaths through innovative research, dedicated patient care, and education. We provide access to highly specialized, comprehensive and personalized care, state of the art research and clinical trials. We have a FACT accredited BMT program performing 100+ autologous and allogeneic transplants each year, and we have a rapidly expanding CAR T cell immunotherapy program. A strong basic science landscape at the University of Kentucky provides excellent opportunities for research collaborations.

The University of Kentucky offers excellent and comprehensive compensation based on rank and experiences plus outstanding benefits packages. It is located in Lexington, Kentucky, which offers excellent schools, outstanding neighborhoods within walking distance to the University, low cost of living, and is a great place to raise a family. Outdoor activities and national parks are easily accessible in close proximity, providing an excellent work - life balance.

Applicants should include a letter of interest and current CV. Applications will be reviewed immediately and will continue until the position is filled. For questions, please contact Jon Tarr, Division Administrator, via email at [jon.tarr@uky.edu](mailto:jon.tarr@uky.edu).
