Job Description

University of Kentucky is currently seeking a faculty member provide inpatient care services in the Pediatric Neonatology Intensive Unit. This position will primarily be responsible for directing patient care to admitted patients, writing daily progress notes, submitting clinical charges, and overseeing fellow residents, neonatal nurse practitioners, physician assistants, and ancillary staff in providing care.

This position will participate in night and weekend on-call coverage as assigned by the clinical division chief, and providing individual teaching to pediatric residents and other health care professionals participating in the care of patients in the Neonatal Intensive Care Unit. In addition, this position will attend regional, national, and/or international scientific meetings and serve on Children's Hospital and College of Medicine committees as needed.

The Kentucky Children's Hospital has Eastern and Central Kentucky's only Level I pediatric trauma center, Level IV newborn (neonatal) intensive care unit and pediatric intensive care unit. In addition, this facility houses more than 30 advanced sub-specialty programs, such as pediatric oncology and
