Job Description

Position purpose

A Level B academic is expected to make contributions to the teaching effort of the university and to carry out activities to maintain and develop her/his scholarly, research and/or professional activities relevant to the profession or discipline.

The Lecturer (Practice) is expected to contribute to the training of postgraduate students undertaking a Master of Clinical Psychology, primarily through teaching and clinical supervision, including oversight of internships in the Department. This includes an external focus on developing and maintaining partnerships with placement providers. The incumbent will support students' progress in professional practice and their professional readiness within the clinical psychology course prior to, during and post placement.
