planning for the future in alignment of the goals of the College of Medicine, Kentucky Children's Hospital and UK HealthCare.

The selected candidate will provide patient care to infants, children and adolescents. The faculty member will also serve as an attending physician for the pediatric infectious diseases service, supervising a team of students and residents, to provide on-call coverage. In addition, this position will also contribute to the education of future physicians by supervising students and residents assigned to pediatric inpatient and outpatient services. Research and academic opportunities are also available.

Please include a CV along with application. Applications will be reviewed immediately and continue until the position is filled.
