- Out- patient clinical duties, both at the hospital and other satellite locations
- The candidate must play a strong role in the teaching of medical students, residents, and fellows.

Opportunities for clinical or bench research are available including collaboration with other researchers at the Global Vascular and the Clinical Translational Research Center.

The Jacobs School of Medicine and Biomedical Sciences makes a major contribution to the medical campus, providing multidisciplinary clinical environments to better access to higher-quality care with critical research programs and preventative medicine innovations.

UBMD Pediatrics is one of 18 practice plans within UBMD Physicians' Group, the single largest medical group in the area, and we are supported by 14 pediatric subspecialties. Our physicians also make up the academic teaching faculty within the Department of Pediatrics at the Jacobs School of Medicine and Biomedical Sciences at the University at Buffalo.

### **About The University at Buffalo**
