Job Description

The Assistant, Associate, or Professor in Neurology will provide neuropsychological care for patients with general neurological illnesses.

This position will also provide supervision for students in all clinical settings (inpatient and outpatient). The Assistant Professor will also participate in clinical research and other administrative activities as approved by the Chair, and serve on appropriate Department, College, Hospital, or University committees.

Please include a CV when applying for the position. Applications will be reviewed immediately and continue until the position is filled.
