Job Description

The University of Kentucky College of Medicine is seeking an Assistant Professor of Pediatrics.

The candidate should have an established track record in conducting independent research, publishing novel scientific findings, and obtaining extramural funding. The candidate will be responsible for reading the appropriate literature, writing manuscripts, submitting grant proposals, supervising technical staff and directing post-doctoral fellows. Participate in Departmental teaching activities, lecturing in areas of expertise, directing courses as appropriate, and developing new courses that may benefit the University.

Candidate will also expand academic accomplishments by publishing, presenting faculty member's research at national and international meetings, and obtaining extramural funding. Individual will be expected to maintain an extramurally funded independent research program. Mentor postdoctoral fellows, MD/PhD students, and graduate students, assisting these individuals to develop their research and teaching skills. Manage resources provided, regardless of the source, in compliance with
