The University at Buffalo (UB) Jacobs School of Medicine and Biomedical Sciences Office of Medical Education, and UBMD Pediatrics is actively recruiting for a pediatrician to serve as **PediatricClerkship Director** in the [Department of Pediatrics](#). The ideal candidate will be board certified in pediatrics and spend 0.70 FTE in their clinical care sub-specialty, and dedicate 0.30 FTE towards academic clerkship for the department.

The role of a Pediatric Clerkship Director is crucial in shaping the educational experience of medical students during their pediatric clerkship.

Responsibilities, qualifications, and support systems associated with this position include:

- **Curriculum Oversight:** Oversees the curriculum for medical students during their pediatric rotation. This includes designing educational content, coordinating clinical experiences, and ensuring alignment with learning objectives.
- **Clinical Supervision:** Provide guidance and supervision to students during their pediatric clerkship. This involves facilitating clinical rounds, case discussions, and hands-on patient care.
- **Assessment and Evaluation:** The director assesses students' performance, conducts evaluations, and provides feedback. They may also contribute to the development of assessment tools.
- **Faculty Development:** Supporting faculty development is essential. The director helps train and mentor other educators involved in the clerkship.
- **Collaboration:** They collaborate with other faculty members, department chairs, fellow educators and hospital administrators to enhance the clerkship experience.
- **Support systems exist through professional development, networking, and institutional support.** Extensive clinical experience is essential as well as effective leadership skills. Prior teaching experience, especially in medical education, is valuable.
