The Department of Urology at the University of Kentucky, College of Medicine is seeking a Clinical Instructor to provide direct patient care at UK Chandler Medical Center and the Veterans' Affairs Medical Center. This fellowship position provides clinical support specifically for endourology, but will also provide assistance to the general urology case load.

In addition, to providing direct patient care, the faculty member will supervise residents and students. They will also be responsible for organizing and executing a broad range of clinical and educational programs in support of the University of Kentucky's patient care, education and training missions.

Demonstrated ability in patient care and clinical teaching is essential for the successful applicant. In addition, this position requires the ability to relate to internal and external constituencies of the Medical Center involved in related disciplines.

Please include a CV and contact information for three references along with application.
