This position will have regular assignments in the faculty rotation to cover inpatient services for patients with heart failure and also on the floor, intensive care unit and consult services at the University of Kentucky. In addition, ambulatory assignments will be aimed to establish a practice encompassing patients with advanced heart failure, pulmonary hypertension and other cardiovascular diseases and this position will be involved in non-invasive and invasive testing in this patient population. This position will be a core member in cardiology and will be involved with teaching cardiology fellows, residents and students during consult service, and in-patient services and participation in the Department's courses for medical students.

Professional Development activities such as attending continuing education meetings, workshops, lectures, and other activities will be necessary to participate in the various missions of the Department, the College, and the University.

Please include a CV when applying for this position. Applications will be reviewed immediately and will continue until the position is filled.
