Job Type: Full-Time

Posting Detail Information

Position Summary

The Department of Pediatrics, University at Buffalo (UB) Jacobs School of Medicine and Biomedical Sciences, and Oishei Childrens Hospital is actively recruiting for a full-time pediatrician in the Division of General Pediatrics to focus on well-newborn nursery care.

Candidates must be BE or BC pediatric physicians interested in a long-term focus on newborn nursery medicine and education.

Clinical responsibilities will include the care of infants at Oishei Childrens Hospital as well as shifts at the active newborn nursery unit at Millard Fillmore Suburban Hospital as needed.

Faculty duties include education, oversight and instruction of pediatric resident and medical students from Jacobs School of Medicine and Biomedical Sciences.

Rounding, clinical care and call are shared among the newborn nursery physicians, with on-site neonatology backup at both sites.

Leadership and research opportunities in newborn medicine education, breastfeeding, health equity, and advocacy are available.

Additional opportunities exist for clinical, research and education duties in pediatric hospital medicine, community-based primary care ambulatory clinics, and developmental follow-up if desired. The position offers excellent benefits.

UBMD Pediatrics is one of 18 practice plans within UBMD Physicians Group, the single largest medical group in Western New York. We provide premier health care to infants, children, adolescents and adults. In addition to primary care pediatrics, we have 17 pediatric subspecialties. Our physicians make up the academic teaching faculty within the Department of Pediatrics at the Jacobs School of Medicine and Biomedical Sciences at the University of Buffalo and at Oishei Childrens Hospital. For more information regarding UBMD Pediatrics, please visit UBMD Pediatrics.

About Buffalo, NY

Buffalo is the second-largest city in New York State and is located in the western region on the shores of Lake Erie, upriver of the majestic Niagara Falls. Buffalo - the City of Good Neighbors - is a big city with a rapidly growing economy, vital academic health sciences center, outstanding public schools, and modest cost of living. Buffalo's rich cultural resources reflect its distinguished history and commitment to sustaining the arts, including the Grammy Award-winning Buffalo Philharmonic Orchestra; the world class collection of modern paintings and sculptures at the Albright-Knox Art gallery; an extensive array of historic architectural treasures designed by Frank Lloyd Wright; an expansive park system; and a variety of summer festivals. The city is home to the states largest concentration of theaters outside of New York City. From the Michigan Street Baptist Church to the Underground Railroad to jazz history at the Colored Musicians Club and museum, Buffalo has a rich African-American heritage to explore. Buffalo is close to two significant wine growing regions-Niagara Escarpment and the Finger Lakes region, and was named one of the Top 10 Food Cities by National Geographic. In addition, the Adirondack Mountains, covering 5,000 square miles, are half-a-days drive from Buffalo. Rich in natural resources and beauty, the Buffalo Niagara area is a 4-season region that offers the best for seasonal sports enthusiasts including the NFL's Buffalo Bills, and the NHL's Buffalo Sabres. Due to its mild temperatures, abundance of recreational activities, low risk of natural disasters, bountiful fresh water, and clean energy production, Buffalo is a great place to work, study and live - going from "Punchline to Lifeline".
