Position Summary

The UBMD Internal Medicine, Division of Endocrinology is seeking applicants for a full-time Nurse Practitioner/ Physician Assistant (APP).

The Advanced Practice Provider (APP) operates under the direction and supervision of one or more physicians, providing healthcare services for adults within the Division of Endocrinology.

Responsibilities include:

- Responsible for evaluating outpatient endocrinology patients by obtaining health histories and conducting physical assessments during initial and follow-up consultations; reports and discusses pertinent findings with attending physicians when necessary.
- Participates and assists in the assessment and management of patients on insulin pumps and Continuous glucose monitoring devices.
- Participates and assists in the education of patients with diabetes.
- Extend and facilitate the outpatient practice of Endocrinology physicians.
- Any other duties as requested by collaborating physician, medical director and/or division chief.

We are committed to a professional environment that is positive, respectful, cohesive and supportive of cultural and individual differences in the service of our clinical and academic goals.

About The University at Buffalo
