Medicine

**Department:** Medicine

**Posting Link:** <https://www.ubjobs.buffalo.edu/postings/55555>

**Job Type:** Full-Time

### Posting Detail Information

#### Position Summary

**Division of General Internal Medicine**, Jacobs School of Medicine (JSMBS) and Biomedical Sciences, University at Buffalo (UB), seeks innovative physicians for full-time positions at our suburban adult internal medicine practice. Qualified candidates will be appointed at the **Clinical Assistant/ Associate Professor** level.

Successful candidates will provide primary and comprehensive care for adult patients at our multispecialty practice in a community-based setting. In addition, candidates will lead the development of novel approaches to ambulatory patient care using state of the art technology. The candidates will be supported by a team of dedicated support staff to develop a concierge-like experience for patients. Opportunities for roles in teaching residents, medical students, and APPs will be developed in the future.

This is an opportunity to join an organization focused on the future of medicine-one whose physicians and advanced practitioners collaborate with their patients to ensure a higher state of care and better outcomes. At UB Department of Medicine, you will experience a deeper sense of compassion, greater breadth of diversity and a never-ending desire to raise the standard of medical excellence, regionally and nationally.

We are committed to a professional environment that is positive, respectful, cohesive and supportive of cultural and individual differences in the service of our clinical and academic goals.

#### About The University at Buffalo

The University at Buffalo (UB) #ubuffalo is one of Americas leading public research universities and a flagship of the State University of New York system, recognized for our excellence and our impact. UB is a premier, research-intensive public university dedicated to academic excellence. Our research, creative activity and people positively impact the world.
