Job Description

Job Description

UAE University (UAEU), in collaboration with the College of Medicine and Health Sciences (CMHS), is seeking top-tier researchers to advance innovative trends in healthcare and biomedical sciences. The focus is on addressing key health challenges through cutting-edge areas like stem cells, personalized medicine, AI in healthcare, and bioengineering. Successful candidates will have a strong research record, leadership experience, and a commitment to mentoring students and securing funding. This opportunity aims to drive transformative research aligned with UAEU's strategic goals and national health priorities.
