Job Description

The Department of Pathology and Laboratory Medicine at the University of Kentucky is recruiting a Pathology Residency Program Director. The successful candidate would join an academic hospital-based practice and engage primarily in clinical service and serve as the residency program director. Board Certification in Anatomic and Clinical or Anatomic Pathology is required with a minimum of 3 years of post-residency experience. Subspecialty training or comparable experience in an area of anatomic pathology is preferred. Interested applicants are also encouraged to participate in an active research program appropriate to title series and rank.

The department (<http://pathology.med.uky.edu/>) is an integrated department of pathology with successful programs in anatomic and clinical pathology, a vibrant educational program for medical students, residents and fellows as well as a nationally-recognized research program in neuropathology

and research affiliations with the Markey Cancer Center. There is a strong institutional commitment to maintain and enhance research and clinical excellence within the Department of Pathology and Laboratory Medicine.

This position affords an excellent career opportunity in a vibrant and growing academic healthcare center with six healthcare colleges. The university is located in Lexington, Kentucky, a family-friendly dynamic medium-sized city with excellent schools, housing, cultural opportunities and outdoor activities (<http://www.visitlex.com/>).

This potential open-rank position is available immediately and will remain open until the appropriate individual is recruited. Applicants should apply via the UK Jobs site and include an up to date curriculum vitae and letter of interest. Questions may be directed to Amy S. Gewirtz, MD, Professor and Chair, via email: mhollan@uky.edu
