Posting Detail Information

Position Summary

The department of **Biomedical Informatics (BMI)** at the Jacobs School of Medicine and Biomedical Sciences is a nationally recognized center of excellence in Biomedical Informatics and Translational Informatics. BMI offers a Masters and a PhD program and has recently added an undergraduate program. We also have an ACGME accredited Clinical Informatics Fellowship for physicians to become board certified. During the grandfather period, the NLM T15 fellowship can count toward board eligibility in Clinical Informatics.

This is a NIH, NLM T15 sponsored Post-doctoral fellowship in Biomedical Informatics. Its training prepares one for a career in academia or industry, performing research in the field of Biomedical Informatics. There is also potential for concurrently obtaining a Masters Degree in Biomedical Informatics.

The **Postdoctoral Associate** will study and perform research in Biomedical Informatics, working on one or more of the following:

- Artificial Intelligence / Machine Learning
- Knowledge Representation and NLP methods
- Clinical Informatics
- Bioinformatics
- Biomedical Ontology
- Public Health Informatics
- Nursing Informatics
- Imaging Informatics

Duties will include, but are not limited to:

- Performing informatics research and conducting mentored research.
- Presenting research findings to faculty, graduate students and at national conferences and other scientific meetings.
- Preparing and submitting research findings for peer reviewed publication.
- Assisting in preparation of proposals for Grant funding.
- Attending seminars, Journal Clubs, Grand Rounds, meetings and conferences.
- Assisting with the teaching and training of graduate students.
