Posting Detail Information

Position Summary

The [Division of Genetics](#) in the Department of Pediatrics, University at Buffalo (UB) Jacobs School of Medicine and Biomedical Sciences, and [Oishei Childrens Hospital](#) is recruiting for a **Clinical Geneticist**. We are looking for a candidate who has experience in the area of general genetics/dysmorphology and is eager to help grow and support our regional genetics program.

Duties/Responsibilities:

- Clinical duties will include inpatient consultation for children admitted to Oishei Childrens Hospital and outpatient care in our pediatric multispecialty clinic in collaboration with a dietitian, nurse practitioner, PharmD and genetic counselors.
- The successful candidate will have experience in the evaluation, diagnosis, and management of children with genetic conditions and have a proven record of excellence in patient care in a family-centered environment.
- The successful applicant will be an academic physician who exhibits a balanced commitment to clinical care, education and/or scholarly activity. This position will offer teaching opportunities with protected time. We are seeking candidates with strong academic backgrounds who have an interest in being involved with the medical school genetics curriculum as well as involvement in the genetic counselor training program.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. Visit our benefits website to learn about our [benefit packages](#).

About the Department

The Division of Genetics runs an active outpatient clinic with a diverse patient population. Our providers also support the pediatric inpatient units, Maternal Fetal Medicine Center, Great Lakes Cancer Care, and several multidisciplinary clinics at Oishei Childrens Hospital (OCH). We are part of

the Regional New York State Newborn Screening Center (NBS) in Buffalo, New York.

Oishei Childrens Hospital and the Jacobs School of Medicine and Biomedical Sciences are located on the Buffalo Niagara Medical Campus (BNMC), a consortium of the regions premier health care, life sciences research and medical education institutes, all located on 120 acres in downtown Buffalo. This promotes strong interactions with the Clinical and Translational Research Center, the Institute for Healthcare Informatics and the New York State Center of Excellence for Bioinformatics and Life Sciences including the Buffalo Institute for Genomics and Data Analytics, Center for Computational Research and Hunter James Kelly Research Institute. This proximity provides outstanding collaborative opportunities in metabolism, genetics, genomics and bioinformatics.

About The University at Buffalo

The University at Buffalo (UB) #ubuffalo is one of Americas leading public research universities and a flagship of the State University of New York system, recognized for our excellence and our impact. UB is a premier, research-intensive public university dedicated to academic excellence. Our research, creative activity and people positively impact the world. Like the city we call home, UB is distinguished by a culture of resilient optimism, resourceful thinking and pragmatic dreaming that enables us to reach others every day.
