**Job Description**

Job Details

Description

As part of a diverse community of faculty and staff, Marian University's College of Osteopathic Medicine seeks an Osteopathic Principles and Practice (OPP) faculty member, who will promote our Catholic Franciscan mission and identity by being responsible for teaching OPP to osteopathic medical students and may also support the Masters of Biomedical Sciences program as needed. This faculty member will collaborate with biomedical and clinical faculty, engage in scholarly activities, and contribute to University and College of Osteopathic Medicine service.

Assistant/Associate/Professor of Osteopathic Principles  
and Practice  
Marian University

**Essential Duties and Responsibilities:**

Actively engage the Catholic Franciscan mission and identity of Marian University by modeling the Franciscan Sponsorship Values and honoring the legacy of the founding congregation through transformative education, unity in diversity, leadership through service, integrating faith and life, and institutional policies.

Primary responsibility: teach first and second year osteopathic medical students osteopathic principles and practice as part of a patient-centered, systems-based, integrated curriculum

Develop and deliver teaching materials and educational materials

Serve as a lecturer and table trainer for OPP across the osteopathic medicine curriculum

Participate in and/or facilitate integrated learning activities (ILAs) or similar active learning sessions

Actively participate as a member of an interdisciplinary team to ensure students receive broad-based education

Collaborate with biomedical and clinical science faculty to create high quality integrated learning experiences with a focus on the NBOME blueprint

Develop and deliver teaching materials and educational materials to OMM Honors students

Supervise OMT for athletes in collaboration with the MU Team Physician and trainer

Actively participate in curriculum design, development and evaluation

Engage students in instruction through active learning methodologies

Facilitate small group and large group learning activities

Author original questions congruent with learning objectives for formative and summative exams.

Questions should be of the quality and design consistent with national licensure exams such as the COMLEX and USMLE

Teach and mentor osteopathic medical students who seek advanced experiences

Serve as a faculty advisor to students

Assist with assessment and quality improvement of the program

Assist with accreditation, as requested

Serve as faculty in the development and delivery of OPP focused CME

Serve as a resource for Osteopathic Recognition in our GME partners through faculty development, workshops, presentations, etc

Additional responsibilities as assigned by Chair of OPP or the Assistant Dean of Clinical Affairs

While teaching is the primary focus of this role, scholarly activity and service are fundamental elements of this faculty role as well. There is also the possibility for limited clinical practice that can be developed.

**Required Qualifications:**

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform
