### Posting Detail Information

#### Position Summary

The University at Buffalo [Department of Medicine, Division of Nephrology](#) is seeking a highly motivated and experienced **Nephrology Fellowship Program Director**.

In this role you will:

- Serve as the chief academic, clinical, and administrative leader for the Nephrology Fellowship Program.
- Ensure the program adheres to all ACGME, American Board of Internal Medicine (ABIM), institutional, and divisional policies.
- Develop, implement, and periodically revise the educational curriculum.
- Lead a transparent, equitable, and effective recruitment process.
- Oversee formative and summative assessment of fellow performance.
- Support and monitor faculty involved in fellow education.
- Maintain an environment of academic inquiry and evidence-based practice.
- Guarantee that fellows acquire sufficient breadth and depth of clinical exposure.
- Establish a formal system for annual program review and improvement.
- Promote a safe, inclusive, and supportive learning environment.
- Oversee program resources to ensure operational and educational adequacy.
- Represent the fellowship program internally and externally.
- Create and maintain program-specific policies.
- Manage all required reporting for accreditation and regulatory compliance.

*University at Buffalo is an affirmative action/equal opportunity employer and, in keeping with our commitment, welcomes all to apply including veterans and individuals with disabilities.*

**Minimum Qualifications**

- MD, DO or equivalent degree from an accredited institution.
- Board-certified in Nephrology by the American Board of Internal Medicine or equivalent specialty qualifications acceptable to the Office of Medical Education.
- Minimum of four years experience as faculty in an accredited internal medicine teaching program.
- At least three years of documented experience in administration and curriculum design, implementation, or assessment in medical education.
- Participation in faculty development, particularly in clinical teaching, assessment, or feedback.
- Experience in delivering both inpatient and outpatient clinical care.
- Eligible for medical licensure in the State of New York.
- Current and unrestricted DEA certification.
- Authorization to lawfully work full-time in the United States.

**Preferred Qualifications**

- Demonstrated leadership experience in medical education administration.
- Strong background in curricular innovation and educational research.
- Proven track record of excellence in clinical teaching and mentorship.
- Excellent interpersonal, communication, and organizational skills.
- Familiarity with educational technologies and their integration into nephrology medical curricula.
- Demonstrated commitment to advancing diversity, equity, inclusion, and belonging in medical education.
- Familiarity with competency-based medical education (CBME), and/or the use of learning analytics to inform educational outcomes
