Job Description

This position is needed in the Department of Radiation Medicine to achieve the goals of the Department and the mission of the University of Kentucky, College of Medicine. The faculty member will perform service functions in the Department of Radiation Medicine and assume teaching responsibilities in the Department of Radiation Medicine and the College of Health Sciences.

1. Clinical Service - Evidence of demonstrated excellence, reputation and recognition for excellence in the practice of radiation oncology as identified and attested to by colleagues, peers and others at the regional and perhaps national level.
2. Teaching - Evidence of demonstrated evidence in outstanding accomplishments as a mature teacher of clinical radiation medicine for residents and medical students as attested to by colleagues, peers and others at the regional and perhaps national level.
3. Professional Development - Evidence of professional recognition and participation in professional
