Job Description

The Department of Internal Medicine, Division of Digestive Disease and Nutrition is seeking an Instructor for a general hepatology and liver transplant hepatology fellowship training program. This is a one year non-ACGME fellowship. Duties include, but are not limited to: train under the instruction of a Digestive Diseases and Nutrition faculty member in 3 primary areas of hepatology. This position will train with the liver transplant attending on inpatient service, in the outpatient clinics for general hepatology and liver transplant hepatology clinics, and rotate in research.

This position also provides opportunities for professional development, including attending continuing education meetings, workshops, lectures, and other activities such as educational and professional activities of medical societies and participation in CME activities as a learner.
